

AFLOW

OUR EXPERTISE AT YOUR DISPOSAL

VISUALISE THE POTENTIAL

From love at first sight, to dream, to purchase, to renovation

WHY ?

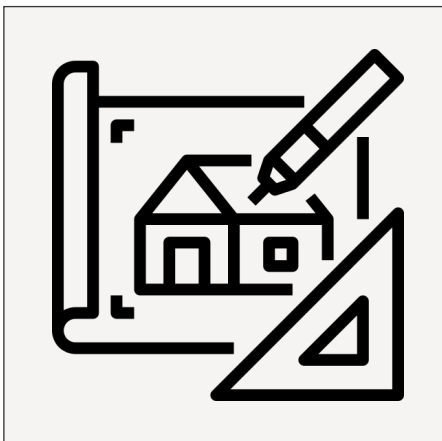

1
You've realised that it's time to look for the perfect home ...

2
Finally one on the market that matches your criteria you decide to visit it.

3
You feel like you are at home. The location and even the price are perfect. But something doesn't fit your needs... and you can't see how to make it work.

4
AFLOW will collect your doubts, needs and preferences and start working to help you see the potential.

5
AFLOW will offer you options that will allow you to look beyond the appearance and make sure that the building has real potential before you commit to it.

6
AFLOW's study will allow you to commit yourself with peace of mind, with a preliminary project in hand. Or, on the contrary, to continue your search without regret.

Giada Pilo

Architect SIA/REG-A
Director

Giada Pilo founded AFLOW architecture in 2022.

Working as an architect since 2006, Giada has extensive experience in the international architecture sector and has a deep understanding of the challenges and requirements of projects of all sizes.

Giada launched AFLOW with the aim of using her experience to create a process :

HUMAN, ACCESSIBLE, OPEN, SIMPLE and EFFECTIVE.

Born in Italy, she lives in Switzerland since 2011. She studied in Genoa, Paris and London and has worked in London and Lausanne.

Giada is fluent in English, French and Italian.
